HALLMARK PANELS & DOORS

GRP DOUBLE REBATED DOOR COLLECTION

Heritage & Strength

Welcome to an exclusive range of hand-crafted Double Rebated GRP Entrance Doors from Hallmark.

A collection of outstanding quality & attention to detail all backed by Hallmark heritage and customer service excellence.

Security in mind

Hallmark's double rebated doors are secured by industry leading, multi-point locking systems, anti-bump & pick cylinders and associated hardware.

p17

Energy Rated A+

As well as security, energy efficiency is equally important with Hallmark doors tested and carry the BFR A+ Composite Door Energy Rating.

p18

Construction

A high density foam core and incredible woodgrain effect GRP skin finish gives an authentic natural feel but without the traditional maintenance issues.

p19

A Brilliant Touch

Browse through our collection of suited furniture options, colour choices and ancillaries designed to compliment and enhance your door.

p20

The DONNINGTON

Traditional style and strength. The solid, geometric lines of this classic design make it a perfect choice for many entrance doors. Manufactured in a range of standard colours or KolorBonded to your personalised colour of choice.

Safety & Security Tested

Multi-Point Locking

It goes without saying, the more locking points you have, the more secure your door will be.

On traditional styles our Double Rebated Doors have multi-point locks incorporating a central hookbolt latch, two further outboard hookbolt latches and additional, adjustable roller cams for even more peace of mind.

AV2 Auto multi-point locking mechanisms are fitted to our range of modern door styles, complementing the bar handle operation and modern aesthetic style.

BSi Performance

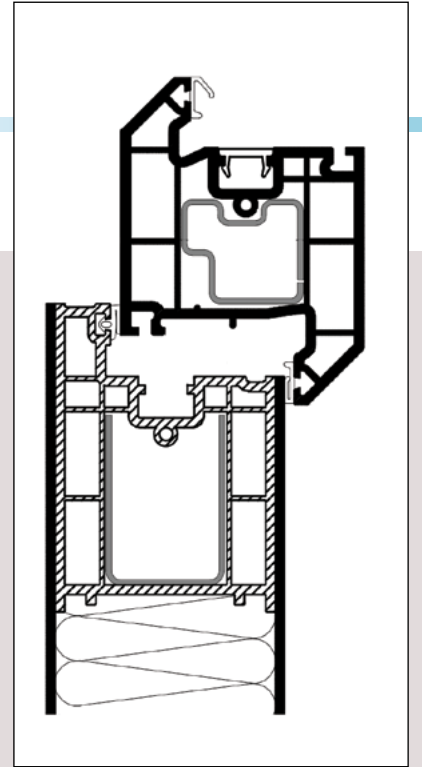

Accredited with the British Standards Institute enhanced security performance requirements for door assemblies - **PAS 24**

- Super strong steel faceplate
- Deadlocking Latch with snib and nightlatch function if used with a split spindle & pad handle
- Extra centred hookbolt aids compression and adds an extra level of security
- Reversed top and bottom hookbolts providing anti-lift security and aids compression to prevent door bowing
- Outboard adjustable roller cams providing a watertight adjustable seal down the full length of the door.

Resilient & Efficient

Superior Performance

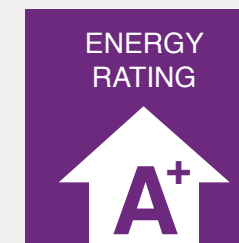

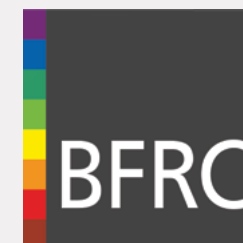

- Super-Strength Steel reinforced sash & outerframe
- 68mm Slab thickness - 54% thicker than a single rebate door
- Hallmark manufactured durable GRP skins - 3mm woven roving for increased strength
- High density polyurethane foam core
- 3 Horizontal timber stud supports for added strength & support
- Double compression seals to improve weather performance and eliminate draughts.

A+ Rated Performance

Hallmark's Double Rebated Doors System delivers superior draught and weather protection through the use of a secondary internal rebated seal.

Thermal efficiency is enhanced through the use of 6.8mm laminated glass units utilising Edgetech Super Spacer (EN1279 Part 2 and Part 3) to BFRC A+ rated thermal performance standards.

Reg No. D1728
Review Date: 12/2016

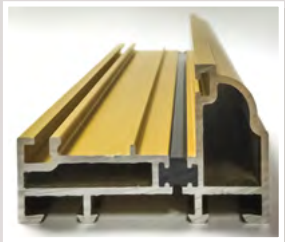

Technical Specifications

The Hallmark Double Rebated Door is a technically advanced product, manufactured within a strong, multi-chambered frame profile that combines to deliver impressive thermal efficiency and steel reinforced strength.

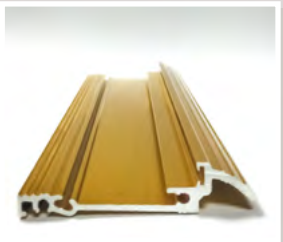

THRESHOLD Options

56mm PVCu

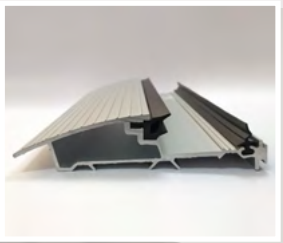

44mm Aluminium

15mm Aluminium

As well as the standard, integral frame threshold, there are a number of low threshold options available including low 15mm and 44mm aluminium, low 56mm PVCu frame and MDS Mobility Door Cill options.

Mobility MDS 25
